Section 1: Overview

Introduction

The Collegiate Chapter Officers Manual is an important resource issued to all collegiate officers and advisers. The information contained in this manual outlines the responsibilities of each chapter officer and board as it relates to the Constitution and the policies and procedures of Delta Gamma Fraternity.

Each collegiate officer is responsible for:

- Being thoroughly familiar with the contents of this manual.
- Complying with the policies and procedures contained in the manual.
- Keeping the manual current at all times by downloading the most current version from the Delta Gamma website library.
- Maintaining resource files that are relative to their office and being aware of additional resources available in the website library.

Terminology

The complete Delta Gamma Style Guide, with proper grammar, terminology and spelling is available in the website library.

The following is an abbreviated list of Delta Gamma terminology to use:

- **adviser:** When an adviser stands alone, it's spelled with an "e." When they are a part of a team, the spelling switches the "e" for an "o" (i.e. *"advisory team chair"* or *"advisory board"*). Note: National Panhellenic Conference uses the "advisor" spelling in all cases.
- **alumna/alumnae/alumnus/alumni:**
 - alumna—female, singular
 - alumnae—female, plural
 - alumnus—male, single
 - alumni—male, plural or male and female mixed, plural
- **ANCHORA:** The *ANCHORA* of Delta Gamma (pronounced anchor-uh). The Fraternity's quarterly magazine is always in all capital letters and italicized.
- **bylaws:** Lowercase unless used in title of a document; never hyphenated.
- **chapter management team:** Always lowercase. May be abbreviated to "CMT" after first mention.
- **collegians; collegiate:** Collegian – a Delta Gamma member in college. Never "collegiates" or "actives." Collegians are members of a collegiate chapter. Collegiate – an adjective, never a noun; Ex: *"The collegiate chapter is full of diverse collegians."*
- **Executive Offices:** Always capitalized and plural; abbreviated "EO." EO serves as Delta Gamma's international headquarters, not "Nationals."
- **Foundation:** Always capitalized and singular, even in lowercase collegiate and alumnae officer titles. Ex: *"vice president: Foundation."*

- **Founders Day:** Always capitalized and no apostrophe.
- **Fraternity:** Always capitalized when referring to Delta Gamma Fraternity.
- **fraternity/sorority community:** Preferred term for the Greek system.
- **Honor Board:** Always capitalized. When referring to Honor Board adviser, “Honor Board” is capitalized and “adviser” is lowercase.
- **house corporation:** Lowercase unless referring to an official title, such as “Fraternity Housing Corporation.”
- **Initiation:** Always capitalized.
- **new member:** The term for a member who has joined a Delta Gamma collegiate chapter but has not yet been initiated. Do not use “pledge” or “baby.” The term “pledge” is acceptable only when used as a verb.
- **officers:** Use lowercase with collegiate or alumnae offices, with two exceptions: “vp: Panhellenic” and “vp: Foundation.”
- **Panhellenic:** Not hyphenated. (“Pan-Hellenic” refers to the coordinating body of nine historically African American fraternities and sororities.) Capitalize when referring to a specific group or officer title. *Ex: “University of Michigan College Panhellenic” or “vice president: Panhellenic.”*
- **primary recruitment:** Term used to describe traditional recruitment. We no longer use the term “formal recruitment.”
- **resign; resignation of membership:** Correct terms for ending a membership. Do not use “deactivate” or “drop.”
- **recruitment:** Correct term, do not use “rush” or “rushing.”
- **Recommendation Form:** The Recommendation Form is a valuable part of the membership selection process that helps Delta Gamma get to know potential new members prior to the start of recruitment. Completing a Recommendation Form on behalf of a potential new member is one way to sponsor them for membership. All are welcome to submit a Recommendation Form.

Special titles such as Regional Collegiate Specialist, Collegiate Chapter Officers Manual, Collegiate Development Consultant, National Panhellenic Conference and Delta Gamma Executive Offices; must be spelled out at least once before using initials (RCS, CCOM, CDC, NPC and EO).

Section 2: Responsibilities and Standards

Delta Gamma Philosophy

Delta Gamma offers to women of all ages a rich heritage; based on sound and tested principles of personal integrity, social responsibility and intellectual honesty.

Delta Gamma's primary purpose is to create an environment for its members in which lasting friendships are established and in which members find the processes, experiences and disciplines which will stimulate clear thought. Its aim is to foster an atmosphere in which women will develop a deeper love and consideration for humankind, a more profound understanding of the purpose of life and a basic wisdom upon which to build their lives.

Article II of the Delta Gamma Fraternity Constitution

The objects of this Fraternity shall be to foster high ideals of friendship among women, to promote their educational and cultural interests, to create in them a true sense of social responsibility and to develop in them the best qualities of character.

Membership Responsibilities

It is the responsibility of each Delta Gamma to:

- Be respectful of their country, their university and their Fraternity.
- Live by the high standards and ideals fostered by Delta Gamma Fraternity.
- Uphold the Oath of Friendship and the Oath of Secrecy.
- Uphold the Statement of Obligation.
- Act in accordance with the Constitution, policies and procedures of Delta Gamma.
- Abide by the chapter bylaws and standing rules.
- Meet all financial responsibilities.
- Wear their badge showing pride in membership.
- Live in the chapter house or any designated Delta Gamma housing (if applicable).
- Contribute their talents and energies toward maintaining the strength and success of their chapter and the Fraternity.
- Achieve their scholastic potential.
- Attend all chapter meetings, ritual ceremonies, functions relating to membership selection and Founders Day observances.
- Conduct herself so that they bring credit to Delta Gamma and the fraternity/sorority community.

Statement of Obligation

The Statement of Obligation is a contract between each individual member of Delta Gamma and the Fraternity. This contract outlines the obligations and responsibilities of membership. Each new member is asked to sign this contract during week 2 of the new member process and expected to fulfill these obligations for the entirety of their membership in Delta Gamma. It reads:

As a member/new member of the [] chapter of Delta Gamma Fraternity, I accept the responsibilities of lifelong membership in the Fraternity. I am familiar with and at all times will abide by the Constitution, policies and procedures of the Delta Gamma Fraternity and the [] chapter's bylaws and standing rules. I understand that should I transfer to another campus and affiliate with another chapter, I am still bound by my Statement of Obligation and become responsible for and will abide by that chapter's bylaws and standing rules.

I will live by the high standards and ideals of sisterhood of the Delta Gamma Fraternity. I will strive to achieve my scholastic potential and I will provide, and hereby authorize my university to provide, copies of my grade reports to the director of scholarship within two weeks after grades are released. I will meet my financial obligations, will abide by the chapter's housing policies, and hereby permit the [] chapter (or any subsequent chapter with which I affiliate) of Delta Gamma Fraternity to release to my parents/guardian information regarding my financial obligations incurred as a member in the chapter. I will hold in confidence the business and rituals of Delta Gamma Fraternity and of my chapter.

I understand that the Honor Board of [] chapter (or any subsequent chapter with which I affiliate) has the responsibility to enforce all chapter, Fraternity, and university rules and regulations, and to require me to comply with all local, state, provincial and federal laws. I understand that a violation of any of these requirements will result in disciplinary action against me by the chapter Honor Board in accordance with the procedures of Delta Gamma Fraternity. Furthermore, I consent to electronic communication regarding Fraternity business at the email address I have provided.

If for any reason my membership is terminated, I promptly will return my badge and my membership certificate.

Fraternity Standards for Collegiate Chapters

The Delta Gamma Fraternity Standards for Collegiate Chapters ("Fraternity Standards") were established in accordance with the guiding principles of Article II of the Delta Gamma Constitution, "the objects of this Fraternity shall be to foster high ideals of friendship among women, to promote their educational and cultural interests, to create in them a true sense of social responsibility, and to develop in them the best qualities of character."

Fraternity Standards are intended to identify chapter expectations that align with Article II and serve as a guiding tool for evaluating chapter success. Performance related to these standards will determine chapter status, support, and awards.

The Fraternity Standards for Collegiate Chapters were updated in 2023 and will continue to be reviewed and updated regularly. The most current version of the Fraternity Standards and related resources can be found in the Delta Gamma library, where you will find:

- the Fraternity Standards themselves, including a cover letter explaining the changes that have been made in the current revision and a quick overview of the Fraternity Standards; and
- an FAQ document discussing timing changes, changes to status, how this impacts your role and other frequently asked questions about the Fraternity Standards.

There is also a module in The Pursuit where you can learn more about the Fraternity Standards.

As a collegiate officer or adviser, you should understand the Fraternity Standards and use them to guide your decision-making. Many other tools are available, such as the CMT Planning Tool, to reference and align with the Fraternity Standards.

Status for Collegiate Chapters

Council may place a chapter on Poor Standing status for violation of the Fraternity Constitution, policies and procedures and/or for failing to maintain the Fraternity Standards for Collegiate Chapters. Collegiate chapters may also be placed on Support Status if the chapter is failing to meet standards in a specific operational area, or in a multitude of areas, not severe enough to result in a Poor Standing status. All chapters on a chapter status are reviewed at fall and spring Council meetings. The below chapter statuses may be utilized. Additional information on chapter status can be found in the Chapter Status Guide in the Delta Gamma library.

Temporary Chapter Restriction Status (TCRS)

A chapter may be placed on Temporary Chapter Restriction Status during a Fraternity assessment of a chapter incident and especially when the incident involves member safety, police investigation or the entire chapter membership. The Temporary Chapter Restriction Status may be put in place at any time during a chapter incident.

- A chapter placed on TCRS would potentially have all or some chapter activities halted for the duration of the assessment of the chapter incident. The Regional Director and RCS/CAC/NCC, with input from Collegiate Development Specialist at Executive Offices, will make the determination of appropriate activities given the nature of the incident and the nature of the chapter's upcoming activities.
- At the conclusion of the assessment of the chapter incident, the chapter may be placed on another chapter status or may be returned to no status.

Chapter Status

Within the Chapter Status Model, a chapter may be placed on one of the following statuses:

- a. Good Standing
- b. Support: Good Standing
- c. Advancement: Good Standing
- d. Revitalization: Poor Standing
- e. Probationary: Poor Standing

In the event of a chapter incident, Temporary Chapter Restriction Status (TCRS) may also be utilized in the interim of a chapter investigation until additional steps or the future status of the chapter can be determined.

A "Warning" may be issued for incidents in which a status escalation is not warranted."

For more information on the statuses and expectations of each, please refer to the Chapter Status Guide in the Delta Gamma library.

Section 3: Frequently Asked Questions

The questions in this section were formulated to answer common questions that arise during a collegiate officer's term. For further clarification, please consult your advisory team members or your Regional Team.

Q: I am a new officer. What is the first thing I should do upon receiving the CCOM?

A: Take 30-40 minutes to familiarize yourself with the manual. Make sure you take time to read through your specific officer responsibilities and the responsibilities of any officer you oversee or that you report to. You can also gain valuable insights by reading Sections 2, 4, 5 and 6.

Q: What happens when a member leaves school and is not enrolled anywhere? Do they become an alumna automatically?

A: Yes, a member who leaves school is granted alumnae status, but this does not happen automatically. The chapter or member transferring will need to submit a Transfer Form indicating their withdrawal from the university to Executive Offices for processing.

Q: Does a transfer student automatically become a member of the new chapter when they enroll in the new school?

A: No, a Delta Gamma transfer student must go through the affiliation process before they can be considered a member of the chapter at the new school. Their former chapter must verify their good standing through the submission of a Transfer Form to Executive Offices. Once this form is received by Executive Offices, a staff member will contact the chapter officers at their new school to notify them of this member's arrival to campus.

Q: What happens if a member who left school comes back? Do they become a collegiate member again?

A: "Every unmarried undergraduate member of the Fraternity, taking work leading to a degree in the institution where their chapter is located shall be a member of that chapter." (ARTICLE XVI. Section1.) When a member returns to school after an absence, they resume collegiate membership status. The member is extended the same rights and responsibilities as other collegiate members and is bound by the chapter bylaws and standing rules, just as before. The member is responsible for all dues and fees as soon as they resume their collegiate status. However, they would not have accrued any debt to Delta Gamma while they were away from school, as they gained alumnae status during that time. If they affiliated with another chapter of Delta Gamma at another university during their absence, any outstanding dues and fees would be payable to that chapter of Delta Gamma, and that chapter should attest to their good standing.

Q: Honor Board gave me early alumna status based on my special circumstances. Why am I still responsible for paying Delta Gamma fees?

A: Honor Board cannot grant anyone early alumna status. They can only give their recommendation for consideration. All requests must go through Honor Board, your ATC and then are submitted to your RCS/CAC/NCC. If they determine that the request reflects extreme circumstances, then they send the request with their recommendation to Council for review. A member is responsible for all fees and obligations until they receive written notification of the status of their request from the RCS/CAC/NCC and/or Council.

Q: What happens if the chapter president can't attend Convention? Can the chapter send one of our vice presidents?

A: It is an office responsibility of the president to attend Convention during a convention year. Policy directs that a president who does not attend Convention must forfeit their office. In the event of serious illness of the chapter president, a death in their family or their registration for an extraordinary academic experience, the chapter president may submit a request to waive policy to the RCS/CAC/NCC by the annual deadline. Only Council can waive a president's attendance at Convention.

Q: We didn't make Quota during primary recruitment, but we are happy with the members we have. Is it okay if we don't COB this fall?

A: All chapters are expected to meet Quota during primary recruitment or through Continuous Open Bidding. It is a Fraternity standard that Quota is consistently met – so if the chapter is not at Total and did not meet Quota through primary recruitment, it is the chapter's responsibility to participate in COB. All membership decisions and strategy should be discussed with the Regional Collegiate Recruitment Specialist/Collegiate Recruitment Consultant/New Chapter Recruitment Coordinator.

Q: What documents are useful in reminding chapter members of their responsibilities and obligations to the chapter and Fraternity?

A: Section 2 of the CCOM lists the Fraternity philosophy, membership responsibilities and Fraternity standards for the collegiate chapters. A copy of the Statement of Obligation is also included in this section, which every member signs during their new member period.

Q: How does the Fraternity Constitution relate to collegiate chapters?

A: The policies of the Fraternity are interpretations and explanations of what is stated in the Constitution. Without the Constitution, the Fraternity would have no basis for the standards that we set for our chapters and members, both collegians and alumnae. Council interprets the Constitution when making policies. The Constitution can only be changed by the voting Convention body. All collegiate and alumnae chapters send a delegate to comprise the Convention body.

Q: Where is the first place to look for a policy or procedure?

A: The Delta Gamma website has a searchable library that includes policies and procedures. Some important Delta Gamma procedures are also detailed in Section 6.

Q: Our chapter has lost track of which directors/committees fall under which vice presidents/directors. Where should we look in the CCOM?

A: Sections 4 and 5 give detailed descriptions of officers, directors and committees. Section 4 lists the different organizational systems in a collegiate chapter with an organizational chart included. Section 5 addresses the responsibilities of each officer and their corresponding directors. Section 5 also outlines the committee structure. The directors each chapter has can also be found in the chapter bylaws and standing rules in Article IX of the bylaws.

Q: I am an officer without any directors. Do I have extra responsibilities and tasks to make up for this?

A: Section 5 explains each vice president's responsibilities. Under each office, the CCOM guides a vice president as to what their duties are if they are without a director.

Q: If I have a question, should I contact the corresponding Council Trustee?

A: No, it is more appropriate to contact your regional team members with any questions before contacting a Council member. If the question or situation needs to be escalated, your regional team will direct such actions.

Section 4: Chapter Organization

Four boards play important roles in determining the efficiency of a chapter's organization. These groups are the chapter management team, Honor Board, advisory team and House Corporation Board. All members and new members should have a comprehensive understanding of the responsibilities of each board. Refer to *Delta Gamma Fraternity Constitution*, Article XVI.

Selecting Directors

The director positions are listed in order of priority and are generally added in the order presented. The selection of specific director positions must be made under the direction of the advisory team chair (ATC) and is subject to the approval of the RCS/CAC/NCC 6-8 weeks prior to elections. The suggested number of directors a chapter selects is based on chapter size. Refer to Policies: *Director/Committee Selection Approval; Chapter Organization/Committees Required; Chapter Organization/Directors Required*.

Selection Guidelines

- The order of director appointment may be altered with ATC approval if a chapter needs support in an area too low on the list.
- If a special area of chapter concern is not listed as an option, the chapter may create a new director position/committee to specifically address that need.

Committee assignments are made so that cliques are disbursed, and requested choices are honored when possible. More details on the committee system may be found in the Changing of the Tides Handbook in the Delta Gamma library.

Reminder: officers and directors must understand that every member has a unique level of commitment to Delta Gamma. Not all members will give the same amount of time and energy.

Committee System General Guidelines

See Appendix VI in Changing of the Tides for additional information on how to use and manage committees, including how and why to delegate, and best practices for committees.

- All chapter members participate in the committee system.
- Following Initiation, new members are assigned to committees throughout the system (e.g., not grouped together).
- Chapter members should complete the Committee Application Form found in the Changing of the Tides to apply to be on a specific committee. The president or director: committees should assign members to each committee based on their applications.
- Each vice president serves on the committee most closely aligned to their area of responsibility.
- Committee size is determined by chapter size and need.

Committee Meeting Minutes

A Committee Minutes Form should be filled out at each committee meeting; listing what was accomplished at the meeting, who was present, etc. (Refer to sample committee minutes form in the website library.) This form should then be submitted to either the director of committees (if the chapter has one) or the president so that they may monitor what each committee is doing and suggest interaction for multi-purpose programming.

Assignments to committees will be made to encourage new friendships; requested choices are honored when possible. The Committee Application Form will be helpful in determining committee assignments.

Honor Board

In collegiate chapters, Honor Board joins the chapter management team as a critical component of chapter life. Chapter management team is responsible for the administration of the chapter as well as the programming that promotes sisterhood and excellence. Honor Board is responsible for the chapter morale, and motivation to individual and collective excellence and member needs.

In its weekly meetings, Honor Board should assess chapter attitude and morale, consider members for recognition and evaluate means of motivating chapter members to participate and benefit more fully from fraternity life. Based on chapter feedback, Honor Board may make recommendations to the chapter management team for administrative or programming areas that require attention. Honor Board may also develop its own programming.

Honor Board shall be comprised of the following elected officers:

- vice president: social standards (chair)
- president
- junior member
- sophomore member
- member-at-large

*A visiting Collegiate Development Consultant (CDC) may attend an Honor Board meeting during their stay but will not be present for any allegation assessments and/or formal hearings that take place. Refer to Policies: Honor Board Composition

- Administers and implements chapter business.

Honor Board:

- Assesses chapter attitude and morale.
- Develops programs to recognize admirable behavior.
- Addresses violations of Delta Gamma policies.
- Develops plans to encourage each member to reach their full potential.

Together, the two boards:

Committees

Committees play an important role in the chapter operations structure. The support of chapter members through committees is vital to a chapter achieving its goals and functioning smoothly. Committees must be given a purpose and have specific duties to perform so that there is a sense of accomplishment when goals and tasks are completed. Additionally, committees shall have the authority to make significant decisions to encourage autonomy. In some cases, careful planning and education on specific policies will be required so policies and procedures are followed, and Fraternity standards are maintained.

Descriptions for each committee are listed below. Your chapter may adjust committee duties to meet the specific needs of your chapter. The system is designed for flexibility and responsiveness to chapter needs. A complete description of the committee should be shared with each committee member.

A Committee Minutes Form shall be completed by an appointed recorder at each committee meeting, listing what was accomplished at the meeting, who was present, etc. This form shall be submitted to either the director of committees (if the chapter has one) or the president, so that they may monitor what each committee is doing and suggest interaction for multi-purpose programming. A sample form can be found in the DG website library.

If your chapter has 75 members or fewer, you will use the committees listed for all chapters, as well as any necessary “All Hands On Deck” committees as needed for special events and projects.

If your chapter has more than 75 members, you will use the committees listed for all chapters, the committees for chapters with 75+ members, any necessary “All Hands On Deck” committees as needed for special events and projects, plus any of the optional committees that make sense for your chapter’s needs.

Crisis Management/Communication Procedure

Resource: [Crisis Communication Procedure](#)

In the event of a tragedy or crisis, Delta Gamma has certain steps that should be taken to ensure the tragedy/crisis is handled safely and is communicated effectively. Examples of what situations may be a tragedy or crisis include but are not limited to:

- Death or serious injury of a member or new member.
- Injury or incident involving a member, new member or a non-member at or during a chapter event; this includes chapter meetings held in campus facilities, such as classrooms.
- Injury or incident involving a member, new member or a non-member that occurs on chapter property.
- Fire, earthquake, flood or other natural disaster affecting the chapter or surrounding area.
- Serious crime against chapter member or chapter house.
- Threat on campus (i.e., bomb threat, campus shooting, etc.)
- Outbreak of infectious diseases.

Per the Crisis Communication policy, the following should occur:

- Instruct all members/new members that the president is in charge of all emergency situations. They may consult other members who may possess more expertise or insight; however, all correspondence and important decisions rest with the president with the guidance of the advisory team chair and RCS/CAC/NCC.
- Inform the members/new members that in the event of their absence, the next ranking officer in order of election assumes the responsibility.
- Review the Crisis Management Procedures with the member/new members. All procedures apply to chapter houses, dormitory areas, suites or any other place where Delta Gammas are housed or meet. The same procedures apply if an accident occurs at a Delta Gamma sponsored event.
- Instruct the director of house management/chapter property to post all emergency telephone numbers in the chapter housing. Instruct the vice president:

communications to include emergency phone numbers on the chapter roster/phone list.

- Advise the university administration of Delta Gamma's Crisis Management Procedures.

Emergency Procedures

1. Do not allow the accident victim to be disturbed by untrained people. Keep curious onlookers away; protect the dignity of the injured person.
2. Call 911 or the appropriate emergency number. Briefly and calmly explain the situation so that the emergency personnel can respond appropriately.
3. Close the house or restrict the area where the accident has occurred to all non-Delta Gammas except for medical or police personnel. Assign a responsible member to control access to the house. For example, if the accident occurs on campus property, appropriate university/college officials should be allowed access.
4. Contact your Collegiate Development Specialist at Executive Offices, as well as your advisory team chair and Regional Collegiate Specialist/Council Appointed Coordinator/New Chapter Coordinator. Please arrange the best method to contact your ATC and RCS/CAC/NCC in advance, so you are aware of how to reach these women as soon as possible. Your CDS will manage the Fraternity's internal crisis communication procedure and provide you with next steps.
5. Contact the university/college person (Panhellenic advisor, Greek Affairs Coordinator, etc.) who is responsible for sororities.
6. Do not contact parents. Medical or police personnel will accurately inform the family.
7. If instructed by Executive Offices, assemble all members and new members for a chapter meeting. For chapters that do not have housing, the location for this meeting should be established at the beginning of each academic year and provided as part of the biannual review of the Crisis Management Procedures. Explain that there is an emergency. If the chapter has housing, explain that the house is closed. Stress that everyone should remain calm and that all emergency measures have been taken.
8. Advise the members that they are to refrain from discussing details or speculating about events with anyone outside the chapter; the president is the official spokesperson for the chapter.
9. If instructed by Executive Offices, inform members who are not aware of the situation.

Media Outreach

If a tragedy occurs, please follow the [Crisis Communication Procedure](#) to notify the appropriate people within Delta Gamma. Some crises or tragedies will draw media attention.

Post-Emergency Protocol

Some tragedies will be continuous depending upon the severity of the situation. For guidance on what to do after the initial emergency has been handled, please see below.

Serious Injury

- Do not remove or disturb any personal belongings in the member's room (in Delta Gamma housing, dormitory or apartment) unless instructed to do so by the accident victim or their family.
- Determine the visitation wishes of the family and coordinate these with members/new members

Death

- Do not remove any personal belongings from the member's room (in Delta Gamma housing, dormitory or apartment). Do not let anyone enter the room except police or other officials. If the member lived in Delta Gamma housing and there is a roommate, move them out of the room temporarily.
- If the member lived in Delta Gamma housing, ask the family members what their wishes are with regard to the disposition of the member's possessions. Regardless of where the member lived, if the family chooses to come and pack the belongings themselves, give them as much support as possible (arrange for transportation to and from the airport, supply boxes for packing, etc.). If the member lived in Delta Gamma housing, keep the room locked until that time.
- Encourage members/new members to show loving concern and support. Understand, however, that this is a difficult time for the family and that they may want privacy.
- Notify Executive Offices of the name and address of a parent/guardian contact where an official letter of sympathy can be sent. Include personal information (offices held, etc.) as well as cause of death.
- Plan chapter attendance at the funeral if the service is open. Delta Gamma has a beautiful memorial service that may be appreciated by the family members but respect their wishes in this regard. The memorial service may be held in the chapter house.

Event Guidelines for Events with Alcohol

Before planning an event with alcohol for your chapter, ensure that you are aware of Delta Gamma's [Collegiate Alcohol Policy](#). All materials for events with alcohol are submitted through Anchorbase. You can find the task to submit these materials on your Anchorbase calendar.

Below you will find a large overview of what requirements/documentation are needed to have your event approved. For more details, please consult the [Event Guidelines: Social Event Planning Guide](#) document:

Initiation Authorization

Initiation Authorization must be obtained for a chapter to have an Initiation, meaning that the chapter has completed all necessary tasks, correctly, and received approval from their RCS/CAC/NCC and Executive Offices.

Roster Changes

Your chapter's Anchorbase roster is your official roster with Delta Gamma Fraternity. It is used to charge the chapter for per capita dues and fees, for chapter Total before, during and after recruitment and other official record keeping needs. Therefore, it is important that you are using this roster and keeping it up to date.

See the [How to Update your Anchorbase Roster](#) document in the Delta Gamma library.

Section 7: Fraternity/Foundation Organization

Constitution

The *Delta Gamma Fraternity* and *Delta Gamma Foundation Constitution* set forth the regulations and procedures by which the Fraternity and the Foundation operate and delineate the rules by which their members are governed.

According to the Fraternity Constitution, "This Fraternity shall be governed by the Convention and the Board of Trustees, referred to as Council in this Constitution. The distribution of powers shall be in accordance with the provisions of this Constitution as they have been adopted by the Convention. Council shall have those powers not reserved to the Convention and shall exercise those powers in accordance with the laws of the State of Ohio, the Articles of Incorporation and this Constitution." Refer to *Delta Gamma Fraternity Constitution*, Article VIII, Section 6.

Convention

The Delta Gamma Convention is held in even-numbered years. Delegates representing each collegiate and alumnae chapter convene to conduct the business of the Fraternity, vote on proposed Constitutional changes, receive reports from Fraternity officers, elect the Council and attend workshops. Refer to *Policy: Convention-Leadership Seminar/President Requirement*.

Each collegiate and alumnae chapter is entitled to one voting delegate. Their transportation, hotel and meals at Convention are paid from Fraternity funds. Refer to *Policy: Travel and Event Policy*.

The vote of the collegiate delegate is weighted to balance the alumnae delegates. A chapter on Probation or not in good standing in the Fraternity must send a delegate to Convention who must attend all general sessions and workshops but will not be entitled to vote. Refer to *Policy: Credentials Committee Policy*.

Collegiate and alumnae members may attend Convention as visitors, paying their own expenses or with assistance from their chapters. These additional representatives attend meetings and may speak from the floor during general sessions. New members may attend general sessions, workshops and social activities. However, new members may not attend any workshops or activities pertaining to Fraternity rituals. Refer to *Policy: Convention/New Member Attendance*.

At the close of Convention, each official delegate shall complete the Convention Evaluation Form and it is recommended that they give a summary of Convention at the first chapter meeting in the fall.

Fraternity Leadership

Council

Council members are elected by the Convention delegates to conduct the business of the Fraternity in accordance with the Constitution. They preside at Convention and direct the Fraternity's programming and policy implementation for their respective areas of responsibility. Council appoints Fraternity directors, specialists and committees to assist with work in specific areas. Fraternity officers and alumnae and collegiate officers serve without financial compensation but are reimbursed for supplies and travel expenses. Detailed [position descriptions](#) are on the Delta Gamma website.

- Fraternity President
- Council Trustee: Collegians
- Council Trustee: Alumnae
- Council Trustee: Fraternity Programming
- Council Trustee: Membership
- Council Trustee: Communications
- Treasurer

Leadership

Council appoints Fraternity directors and regional team specialists to work directly with alumnae and collegians. The Foundation Board of Trustees appoints Foundation directors and Regional Foundation Coordinators to work directly with alumnae and collegians. These officers are all volunteers and comprise the Delta Gamma Leadership. They may serve two two-year terms.

Fraternity directors are appointed by Council to coordinate specific areas within the structure of the Fraternity. They are appointed to roles that coordinate with each Council member. A detailed organization chart is at the end of this section.

The **Regional Director (RD)** is the regional leader and is responsible to supervise the regional team specialists and coordinate the activity within their region.

The **Regional Alumnae Specialist (RAS)** is responsible for day-to-day management and oversight of alumnae groups in the region.

The **Regional Collegiate Specialist (RCS)/Council Appointed Coordinator (CAC)/New Chapter Coordinator (NCC)** is responsible for the direction and supervision of the collegiate chapters and appoints and guides collegiate advisers.

The **Regional Collegiate Recruitment Specialist (RCRS)/New Chapter Recruitment Coordinator (NCRC)** guides all areas of collegiate membership recruitment.

The **Regional Finance Specialist (RFS)/New Chapter Finance Coordinator (NCFC)** guides and assists collegiate and alumnae chapters to meet financial responsibilities.

The **Regional Foundation Coordinator (RFNC)** guides and helps collegiate and alumnae chapters meet Foundation responsibilities in the areas of service and fundraising.

The **Regional Housing Specialist (RHS)** guides house corporations and collegiate chapters to cooperatively maintain healthy and safe chapter homes and meeting facilities.

Alumnae Development Consultants (ADCs) form new alumnae groups and revitalize targeted alumnae groups.

Collegiate Development Consultants (CDCs) are recent graduates who are employed by the Fraternity and trained to make official visits to collegiate chapters. They develop chapter programs, assist with recruitment, problem solve and teach leadership skills. Prior to each visit, the chapter president will receive an informational email that outlines arrangements for accommodations, meals, meeting schedules, etc. A CDC is a guest of the chapter during their entire stay and should be treated with the utmost courtesy.

Foundation Leadership

We are one Delta Gamma, but in accordance with Internal Revenue Code, the Foundation and Fraternity are two separate organizations. In 1951, the Delta Gamma Foundation was formed as a complement to the Fraternity, creating a vehicle for members to promote the educational interests and social responsibility referenced in Article II of the Fraternity Constitution.

The Delta Gamma Foundation is governed by the **Board Of Trustees (BOT)**. The BOT consists of six elected Trustees who serve three-year terms, and three ex-officio Trustees who serve concurrently while in the Fraternity Council positions of Fraternity President, Council Trustee: Fraternity Programming, and Fraternity Treasurer. They meet a minimum of three times annually. Elected Trustees fill the officer positions of Chair, Secretary and Treasurer. View the current Foundation Board of Trustees and Fraternity Council [here](#).

The **Governance Committee** is composed of five members. They present to the BOT and the Foundation Voting Membership at least one, but not limited to one, candidate for each vacancy on the Board of Trustees.

The **Ambassador Team** is comprised of Delta Gamma alumnae who volunteer to further the mission of the Delta Gamma Foundation by working with donors to meet mutual philanthropic goals. An Ambassador Team volunteer may meet with and/or correspond with donors in their geographic area. In addition, an Ambassador Team volunteer may be asked to host a Foundation development officer and/or donor event in their home during a development visit in their area.

Foundation Directors are appointed by the Board of Trustees. They serve as subject matter experts to the members of the Fraternity and to the public. Foundation Directors include: Director: Alumnae Fundraising and Service, Director: Collegiate Service, Director: Service for Sight Grants, Director: Lectureships in Values and Ethics, Director: Scholarships and Fellowships, and Director: Collegiate Fundraising

The **Regional Foundation Coordinators (RFNCs)** are a regional resource for our collegiate chapters and alumnae groups in all Foundation-related activities including service and fundraising. They work in conjunction with our Foundation Directors, the Board of Trustees and the regional team in their region.

Fraternity Awards

Most collegiate chapter Fraternity awards are presented at Convention and are based on the chapter's performance for the two years preceding Convention (exception: the Patricia Peterson Danielson Award). Selection of chapters to be recognized is based on information obtained from applications and chapter reports, as well as on the recommendations of Regional Team, Fraternity Directors, Council and Executive Offices staff. Reminders are sent to chapters prior to the Convention with criteria for selection explained in detail.

- **The Patricia Peterson Danielson Award** is presented annually. A collegiate chapter uses the award criteria for goal setting and develops a dossier/nomination that is sent to the Regional Collegiate Specialist/Council Appointed Coordinator/New Chapter Coordinator. In addition, collegiate chapters are encouraged to use the award criteria for self-assessment and goal setting in the pursuit of excellence.
- **The George Banta Award** recognizes a new chapter that is outstanding in most areas of endeavor. To be eligible, a chapter must have been installed for at least two years, but not more than five years. Council selects the recipient.

Foundation Awards

Appendix C: Diversity, Equity & Inclusion (DEI) Committee

This document was created to provide your chapter with best practices around creating a Diversity, Equity and Inclusion (DEI) Committee. Chapters are encouraged to form a DEI Committee at this time. Below are some best practices and resources you can utilize when putting one together.

Members of the Committee

An all-member survey was sent on July 15-16, 2020 to gauge member interest in furthering the work of Delta Gamma's DEI initiatives. If members of your chapter indicated on that survey that they desired to be part of a chapter-level DEI Committee, it is encouraged that you begin there to establish committee membership. If your chapter did not have members identify this interest, however, it is still recommended that you form the committee utilizing the method below.

It is recommended that at least one member of the chapter management team (CMT) and Honor Board sit on this committee and that the applications be made available to all members and new members. The director of committees and president will review the submitted applications and determine committee membership. If yours is a new chapter without a CMT, your chapter's CDCs will review applications and determine committee membership. Once members are determined, the committee will vote during the first meeting on who will be the chair, and they will report to the chapter president monthly. The chair does not have to currently hold a CMT or director position. When thinking about who a good fit for this committee might be, please keep in mind the following:

- Time commitment of the committee
 - Does the potential member have time to participate in this committee?
- Diversity and variety of membership
 - Does this group represent a wide variety of membership identities, including, but not limited to: race, age, major, religion, sexual orientation, hometown, interests, etc.
- Passion
 - Is this member passionate about topics related to Diversity, Equity & Inclusion?
 - Is this member involved in other Diversity, Equity and Inclusion initiatives on your campus?

Please be mindful when building this committee that it is in no way the responsibility of members of color to participate in this committee or educate white sisters on the topics of diversity, equity and inclusion. If a member of color is passionate about this topic and wants to be involved, they are welcome to apply. However, it should not be an assumption that any/all members of color will want to participate in this committee.

Adviser: After the creation of this committee, the advisers will determine among the team which adviser will support this committee. Further advising information about this committee will be communicated through the advisory team chair (ATC) and they will need to share it with the selected adviser. It may not go to that individual directly.

Purpose of the Committee

The DEI Committee will be tasked with exploring diversity, equity and inclusion through the lens of your chapter and campus community. It will be up to the committee to determine specific goals, but it should always be keeping in mind the following standards set forth by the Fraternity:

Delta Gamma is committed to creating an inclusive environment for all members. Racism and discrimination have no place in our sisterhood. As a predominately white organization, we must recognize the role we have played in institutional racism. Drawing from Article II of the Fraternity Constitution and Delta Gamma's Positional Statement on Inclusivity, members are honor bound to uphold the high ideals of sisterhood throughout all aspects of life. As a reminder, both are listed below:

The Delta Gamma Constitution, Article II states:

The objects of the Fraternity shall be to foster high ideals of friendship among women, to promote their educational and cultural interests, to create in them a true sense of social responsibility, and to develop in them the best qualities of character.

Positional Statement on Inclusivity

Delta Gamma Fraternity is committed to cultivating an inclusive and equitable environment and experience for our members, potential new members and communities. In our membership selection processes and in the life-long membership experience, Delta Gamma Fraternity and its members do not discriminate on the basis of race, ethnicity, religious affiliation, color, creed, national origin, sexual orientation, marital status, physical disability or other protected identities. Membership is open to all individuals who identify as women and who have a sincere desire to uphold our shared values, as outlined in Article II. We resolve to eliminate inequities and address behaviors that do not align with our values.

Goals of the Committee

Before any work can be done at a chapter level, it is crucial that each member be engaging in the individual work and education necessary to unpack their own contributions to systems of oppression. Education is ongoing and personal and in order to create real and lasting impact, it is important that each member buys in and is committed to doing the work. It could be tempting for this new committee to want to jump right to acting, disrupting and creating change in your chapter and community, but the first step toward that must be education. It is recommended that the DEI Committee focus on having the chapter

members examine their own contributions to these issues by engaging in education around DEI topics.

Below are recommended goals for the first year that the DEI Committee meets:

- Providing education to the chapter around DEI topics (try checking out “Resources by Topic” in the [Delta Gamma Inclusion webpage](#)). Here are some basic concepts and topics that are a good place to start (make sure that you are pulling from reputable, scholarly sources):
 - Racism and race in North America; anti-racism
 - Cultural appropriation
 - Implicit bias
 - Intersectionality
 - Performative allyship vs. authentic allyship
 - Microaggressions
 - Restorative justice
 - Whiteness; white fragility
- Creating programming, or utilizing already-existing campus programming, around DEI
 - Not sure where to start? Check the [Campus Resource Worksheet](#)
- Work with the director of [DG Dialogues](#) to facilitate a program focused on DEI
 - Social Identities 101
 - The Importance of Language
 - Social Justice Issues: Race and Ethnicity
- Utilize the resources on Delta Gamma’s DEI webpage:
 - Watch one of Delta Gamma’s webinars and facilitate a discussion with the chapter
 - [Sisters, Let’s Discuss White Privilege](#)
 - [The Impact of Microaggressions](#)
 - [Exploring Implicit Bias](#)
 - [Social Class](#)
- Reviewing chapter actions and events through the lens of DEI

This committee can meet at whatever frequency is determined best by the members, but it is recommended to meet at least once per month.
