### **Award Description:**

The Shield Award recognizes alumnae who have achieved unique and noteworthy distinctions through leadership and verifiable accomplishments in their chosen field of professional expertise. This chosen field represents career/professional accomplishments in areas such as the arts, education, non-profit management, civic or religious affairs, healthcare, business, etc.

The Fraternity Awards Committee relies on the nomination application and all aspects of the submission for evaluation purposes. A comprehensive presentation of a nomination is essential. Final selections are approved by Council.

### **Eligibility requirements:**

- A nominee should have achieved professional distinction in their field throughout their career.
- A nominee's character and attitude are important considerations, including their interest in and collaboration with the Fraternity, but they need not have regularly participated in an alumnae group.
- Holding a prominent position does not alone fulfill the Shield Award criteria. The Awards Committee and Council will examine what the nominee has achieved through their position(s).
- A Shield Award may be granted to an alumna for a single career feat if a unique and measurable impact has been felt by her industry, community or (inter)nationally. Otherwise, the criteria listed above will be used to evaluate the nomination.
- A nominee's service:
