

## DELTA GAMMA EXTENSION

# Proposed Additions & Removals to the Convention Approved List for Extension | June 2024

### ADDITIONS

The Extension Team is recommending four campuses be added to the Convention Approved Extension List. They fall into two categories:

- Closed Delta Gamma Chapters
- At Least One National Panhellenic Conference (NPC) Organization on Campus

#### Additions – Closed Delta Gamma Chapters

All three recommended additions are campuses where Delta Gamma has closed a chapter in recent years.

College/University	City	State	Country	DG Chapter
University of Memphis	Memphis	TN	USA	Delta Zeta
Colorado College	Colorado Springs	CO	USA	Beta Delta
Portland State University	Portland	OR	USA	Eta Omega

#### Additions – At Least One NPC Organization on Campus

The one recommended addition is a campus that currently has at least one NPC organization on campus.

College/University	City	State	Country	DG Chapter
Bloomsburg University	Bloomsburg	PA	USA	

### REMOVALS

The extension team is recommending a total of 13 campuses for removal from the Convention Approved Extension List. They fall into two categories:

- Campus Closure
- No NPC Organizations on Campus

#### Removals – Campus Closure

All four recommended removals are campuses that have closed in the past biennium.

College/University	City	State	Country	DG Chapter
Iowa Wesleyan University	Mount Pleasant	IA	USA	
University of Wisconsin - Platteville	Platteville	WI	USA	
St. John's University - Staten Island Campus	Staten Island	NY	USA	
Birmingham-Southern College	Birmingham	AL	USA	

### **Removals – No NPC Organizations on Campus**

The nine recommended removals are campuses that do not currently have any NPC organizations on campus. The extension team feels that in the case of exploring a potential extension to a campus where no NPC organizations currently exist, the majority vote of the five closest alumnae groups and five closest collegiate chapters, rather than the Convention Approved List, is preferable as being the first organization to establish on a campus is a more significant undertaking that must be carefully evaluated.
