

Merit-Based Undergraduate Scholarship Application Guide

2023-2024 Academic year

Introduction

Delta Gamma Foundation is proud to sustain the high ideals of scholarship our Founders held by providing merit-based undergraduate scholarships to our collegians. Students who complete all requirements outlined in this guide and the online merit-based scholarship application will be considered for scholarships. The merit-based scholarship application was made to give members the opportunity to highlight and consider how they are upholding Article II of the Delta Gamma Fraternity Constitution:

“The objects of this Fraternity shall be to foster high ideals of friendship among women, to promote their educational and cultural interests, to create in them a true sense of social responsibility and to develop in them the best qualities of character.”

Each applicant submitting a scholarship application is required to read, understand and adhere to the following scholarship application instructions. Failure to thoroughly follow all instructions may result in ineligibility.

The application opens in December and can be found on [the Foundation website](#).

Delta Gamma Foundation Policies Regarding Merit-Based Undergraduate Scholarships

Merit-Based and Need-Based Scholarship Recipient Requirements: A scholarship recipient must be an initiated member of Delta Gamma enrolled in a college or university in the United States or Canada, be a full-time student, as defined by the Institution the recipient is attending, and remain a participating member, in good standing, of their collegiate chapter. Study in other countries may be honored provided the recipient's study is part of a program leading to a degree from a college or university in the United States or Canada. Additionally, an initiated member who attends a school on a campus where there is no Delta Gamma chapter may receive a scholarship. These requirements extend throughout the full scholarship term or until graduation, whichever comes first. Failure to comply with these requirements will result in forfeiture of their scholarship to the next eligible member as determined by the scholarship committee. (Foundation 06-23)

Scholarship/Fellowship Award Criteria for Accelerated/Concurrent Master's Programs:

Members enrolled in an accelerated/concurrent Bachelor's/Master's Degree program must apply for a scholarship while taking undergraduate classes. When the majority of the member's coursework is at the graduate level, they have the option of applying for a graduate fellowship. The scholarship or fellowship recipient must remain a participating member of their chapter, in good standing, through the senior year. (Foundation 10-21)

Scholarship/Fellowship Re-Application: A scholarship or fellowship applicant who has previously submitted an application must submit a new application each year in order to be considered. A scholarship recipient who does not return to school during the scholarship term, and thus forfeits the scholarship to the next applicant, is eligible to re-apply and to be considered for a scholarship the next academic year. (Foundation 10-09)

Scholarship/Fellowship Revocation/Membership Status: Should the recipient fail to continue to meet the criteria of the award, (including resignation or expulsion of membership in Delta Gamma) they will forfeit their scholarship or fellowship to the next eligible applicant as selected by the Scholarships and Fellowships Committee. If the scholarship has been applied by a college/university to the former member's educational expenses, that former member will be responsible to repay the full award amount to the Delta Gamma Foundation within 30 days. (Foundation 10-16)

My Advisory Team Chairman (ATC) did not receive the link to the recommendation form. What should I do?

First, make sure you entered in the correct email address. Commonly, a typing error is the reason for a recommender to not receive the link. Then, make sure your Advisory Team Chairman (ATC) adds automated.email@smarterselect.com to their email address book. Then, re-send the recommendation request.

If you have NOT SUBMITTED your application:

1. Check the box next to “Re-Send Recommendation or Information Request” in the corresponding Advisory Team Chairman (ATC) Recommendation section.
2. Select “Next” at the bottom of the page.

If you HAVE SUBMITTED your application:

2. Navigate to the Advisory Team Chairman (ATC) Recommendation page.
3. Check the box next to “Re-Send Recommendation or Information Request.”
4. Select “Save” or “Update Application” at the bottom of the page.

How do I know if my Advisory Team Chairman (ATC) submitted their recommendation form?

After your Advisory Team Chairman (ATC) has submitted their complete recommendation forms, you should receive an email from SmarterSelect confirming submission. You can also view the status of your advisers’ recommendation form at the top of the Advisory Team Chairman (ATC) Recommendation section.

My Advisory Team Chairman (ATC) says she has submitted her recommendation form, but I haven’t received a confirmation email. What should I do?

Some advisers will have completed much of the information required for a recommendation form but have not officially submitted it. If your adviser is confident she has completed the recommendation form, but you have not received a confirmation email and the recommendation is still showing as “Pending” within your application, you should suggest that your adviser return to the recommendation form and click “Submit this Request” to submit the completed recommendation form. If she does not receive an on-screen confirmation after hitting submit, she should scroll through the recommendation form to find any areas highlighted and address those errors before selecting “Submit this Request” again. After she has successfully submitted a recommendation form, she will receive an on-screen confirmation message and you, as the applicant, will receive an automated email from SmarterSelect confirming receipt.

Can I update my application after I hit “Submit”?

Changes to a submitted application may be made up until the application deadline by logging in to your application, completing changes, and resubmitting. The updated application will replace the original submission.
